

A. A. Stagg Color Guard Director

Missy Pietruszynski

Here is a little about myself...

I am a graduate of Illinois State University with a bachelor's degree in Secondary Education with a concentration in the Social Sciences. I am currently in my second year of teaching at Rich East High School in Park Forest. I have been involved with the Stagg color guard and winter guard ever since high school. I was involved in the activity all four years and joined the staff a year after I graduated. I was the weaponline choreographer and technician for four years before becoming the director in the winter season of 2008. This program is very dear to my heart and I feel honored to have the opportunity to share my experiences and love of this activity with all of

its members. I must also give credit to Kate Alstadt who also plays a significant role in this activity. I look forward to this upcoming season and many more to come!
